## Eagle Scouts Contribute to Community Garden

As part of their community service requirement to become Eagle Scouts, Graydon Daubert and Kent Ratliff, from Troop #59, have volunteered to work with a local citizen group in assisting them with the development of a proposed community garden. Graydon will construct two 16' by 4' raised planter beds, while Kent has already constructed a bench and

PVC pipe irrigation system that will line the perimeter of the beds. These two project components will essentially comprise the first phase of the community garden, which is proposed to begin this fall at the corner of Acacia and Ogden.

If you would like to be added to our mailing list for information about the Community Garden Citizens Group or would just like additional information about the proposed community garden, please contact Brian Chandler, Community Development Director, at 832-2250 or [bchandler@alamoheightstx.gov](mailto:bchandler@alamoheightstx.gov).
